Look at these stars just you and me
Living our lives like sandra d
Its enough sites on the Hollywood sign
All night parties filled with alkaline
Shopping all day on Rodeo Drive
Out all night just to stay alive
People working hard making dreams come true
Palm trees lined up the avenue

Everyone is someone
Everyone is someone in L.A.
In L.A.
Movies and the scandals
Stories and the vandals
In L.A.
In L.A.

Reality is in the mirror in a costume
Thrown out of the front door of The Viper Room
Cruisin' past the cars on the Sunset Strip
All the famous friends and their ego trips
Cocktail parties at Stanton Hotel
Sucking down clams on a half shell
All day record shopping on Melrose
Dancing all night in our prettiest clothes

Everyone is someone
Everyone is someone in L.A.
In L.A.
Movies and the scandals
Stories and the vandals
In L.A.
In L.A.
Big scores
Fast steels
Lost souls
Hot wheels
Night drive
Neon lights
Strip clubs
Gang fights
Hustlers makeup

Half year breakups
Tattoos
Satin shawls
Pornstars
Kilos

Everyone is someone
Everyone is someone in L.A.
In L.A.
Movies and the scandals
Stories and the vandals
In L.A.
In L.A.

Stopping for a drink at the Troubadour
Redundant earthquakes on Mulholland Drive
Seems like the world is for me and you
3 day afterparties at the Rumba Room
Out on the horizon all you see is smog
Speeding on the freeway just to get out of the fog
Going to spend the day on Venice Beach
Seems if everything is within our reach

Everyone is someone
Everyone is someone in L.A.
In L.A.
Movies and the scandals
Stories and the vandals
In L.A.
In L.A.

Everyone is someone
Everyone is someone in L.A.
