[Murs]

Do it with me Sean c'mon

Girl let me break you down like a shotgun
Not the crip game grab you by the hips and
Pull you towards me, kinda softly
But do it hard till your screamin get off me!
But I wont stop till you go pop
Orgasm have you screamin out your throat box
Now your legs shake, body vibrate
Cuz I'm swingin this dick like a primate
Now she irrate, cuz I wont stay
I got fifty-six shows I gotta go play
She sayin no way she gotta cut me off
Then I caught her backstage suckin lucky off?!
What the fuck son, where'd I go wrong
Shoulda kept the dark skin with no blondes
But these white girls, they got ass too
Still a sucker for a broad with some tatooes
So I had to, man I'm so silly
Exercisin now a little pussy wont kill me
Rephrase that, cuz I stay strapped
Nowadays you never no where the A's at

(chorus) [Slug]

A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun
A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun

[Slug]

Girl take your clothes off, its gettin hot in here
Sign on the door knob, it says do not disturb
What? You lookin at me like I'm bullshittin
Lose the thong and move around now so I can see the
full kitten

Me-ow and purr while I seek out your curves
Take ahold of your controls and reroute the earth
This kid'll make you feel as fit as a fiddle
And treat every inch of your body like an invisible
nipple
I know the pieces that need attention relieve you of you
weapons
Get undressed and dive deep into the estrogen
Feelin apprehension is unexeptable
I keep you comfortable enough to love the sexual
festival
Let me put you on a pedistal, you bet I get medical
Exercise breath control cause everything is edible
What? You aint never felt a tounge there?
Remove the underwear and tell your friends that
NOBODY compares
Who's the new mack I only spit true facts
Probably aint the best but I bet I'm the best YOU'VE had
Its all fun now thats the suns down
Come around girl help me break this shotgun down
now

(chorus) [Slug]

A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun
A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun

[Murs]

Down ass bitches from Wisconsin
Never did give her this johnson
But I really wish I did cuz she looked that good
Talkin in my top ten man I'll put that on the hood

[Slug]

Round two, shotgun cleaned and recocked
Teach some simple sign language to your g-spot
Locked stock and two smoking cigarettes
But first let me finish with some clitoris stimulus

[Murs]

I got this punk rock chick with these tattooed hands
She dresses kinda wierd she an Atmosphere fan
Says she loves Seven never been with a Legend
So I took her to my room and layed her down for a
blessin
Session was impressive, open to suggestion

Had to kick her out cuz she asked to many questions
Whats ANT like? Whats Slug's favorite movie?
Shot my load in her mouth and screamed FUCK YOU
LUCY!

[Slug]

Bedroom, backseats, parkbench, motels
So much heaven I know I'm goin to hell
I said oh lordy, I've been so dirty, so naughty
She looked me up and down and said dont worry, you
go shorty
Call me the gardener, I take care of the yard
Spend hours on the bushed and the flowers
Fuck shavin it I like your little rainforest
Makes me want to write a million songs with the same
chorus

(chorus) [Slug] x2

A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun
A piece of me will always be inside of you
You're so sweet I'm gonna keep my eye on you
Come with me let me show you what I like to do
Girl let me break you down like a shotgun
