Cause I live to get lost in lazy afternoons, with you
And what I'd give at any costs
To turn our day, into a few

'Cause one kiss is all I need
Take my hand and let me lead
Far away to an empty place
I live to see your face smiing back at me after kissing
you
Got a trick right up my sleeve if I'm missing you

'Cause all I need to do is close my eyes and you'll be
right by my side
'Cause all I need is you, you're in my mind
Everthing's gonna be alright
'Cause a thousand miles wouldn't keep me from seeing
you
A thousand miles wouldn't keep me from seeing you

And if I ony had one day left in my life
I'd make you my wife
I'd take your hand and fly to the warm sand
That would be grand
And in my last few hours
I'd find you some flowers
And for once, I wouldn't need my guitars
'Cause right now I'd rather be in your arms
Yeah you heard it right, I wouldn't need my guitars
I'd rather be in your arms
You're alright, you can keep my guitar
I'd rather be in your arms

'Cause all I need to do is close my eyes and you'll be
right by my side
'Cause all I need is you, you're in my mind
Everthing's gonna be alright
'Cause a thousand miles wouldn't keep me from seeing
you
I said a thousand miles wouldn't keep me from seeing
you

'Cause all I need is you, you're in my mind, oh yeah

'Cause all I need to do is close my eyes and you'll be by
my side
All I need to do, is be with you
Everything I do, I do it girl for you
