"Let me take you out" I asked her.  
Then that week couldn't go any faster  
I picked her up but barely  
'Cause London roads really do scare this country boy.

She looked the part,  
Straight from the start  
Shame that didn't help me find a place to park my car  
Outside London Zoo in Kew  
Waiting with you

I was in the right place  
At the right time  
That day we spent together  
There's no where else I'd have put myself  
Or had shared that day with anyone else

Right place, right timeÂ...  
Mmm.

It was quite a day I won't forget  
Sittin' in the sun  
Sharin' menthol cigarettes with you  
I couldn't understand  
Why I felt 12 years old

Holdin' your hand.  
Feel my heart beat  
She's thinking "Ah, sweet"  
I can't explain why I didn't feel it last week  
Walkin' with her, now I'm talkin' with her  
I'm well and truly fallin' for her

I was in the right place  
At the right time  
That day we spent together  
There's no where else I'd have put myself  
Or had shared that day with anyone else

'Cause I was in the right place  
At the right time  
That day we spent together

There's no where else I'd have put myself  
Or had shared that day with anyone else

Right place, Right time...  
Mmm.  
Perfect place, perfect timing.  
Mmm.
