And tick tock, goes the clock
Time is going so slow
And I'm supposed to be fast asleep
Like a couple hours ago

So I, I need to exercise
Alright I've got to rest these eyes
And I, I need to knock on some doors
Then I wont have to lie here by myself anymore

'Cuz time isn't healing
Pretty sick of staring at my ceiling
And I, I can't help the way I feel about you

'Cuz time isn't healing
Pretty sick of staring at my ceiling
And I, I can't help the way I feel about you

I have a smoke to try and send me to sleep
But things aren't all that they seem
The only time I get to spend with you
Seems to be in my dream

So I, I need to let her go
Would it have worked, I guess I'll never know
And I, I need to hit the road
And find me a girl of my own

'Cuz time isn't healing
Pretty sick of staring at my ceiling
And I, I can't help the way I feel about you

Time isn't healing
Pretty sick of staring at my ceiling
And I, I can't help the way I feel about you

Time isn't healing me no more

Time isn't healing me anymore

And time, don't heal me no more
