Here we go tape rolling  
Sgt. Pepper take 6

He doesn't know which way to go  
Even though he's made the dough  
Lennie Johnson's lost his way  
Lennie Johnson's lost his way  
He's lost his mind  
????????????????  
Lennie Johnson's lost his way

He spent his time with words of rhyme  
He's rang the chime  
We must find

Lennie Johnson's lost his way  
Lennie Johnson's lost his way  
He's lost his mind  
He had it yesterday  
Lennie Johnson's lost his way

An apple a day keeps the doctor away  
I've heard them say  
Not today
