Take away my inhibitions

Take away my solitude

Fire me up with your resistance

Mmmm put me in the mood

Storm the walls around this prison

Leave the inmates

Free the guards

Deal me up another future with some brand new deck  
of cards

Take the chip off of my

Smooth out all the lines

Take me out among the rustling pines

Til it shines

Ahh till it shines

Like an echo down a canyon

Never coming back as clear

Lately I just judge the distance

Not the words I hear

I've been too long on these islands

I've been far too long alone

I've been too long without summer

In this winter home

Still if we can make the effort

If we take the time

Maybe we can leave this much behind

Til it shines

Mmmm til it shines

See the rich man lost and lonely

Watch him as he dines

Sitting there just testing all the wines

Til it shines

Til it shines
