INTRO 2X]

[VERSE]

If there's something you want to say
Don't be that way
And if there's something that's on your mind
Don't waste my time

[CHORUS]

Cuz I've got something for you
I've got something for you

[BREAKUP]

[INTRO 2X]

Now the way you're looking at me
I can tell you want to be free
But before I let you go
There's something that I want to show

[CHORUS + BREAKUP + INTRO W/SLOW BEAT]
[GTR SOLO OVER VERSE CHANGES]

I feel sorry for you dear
You never understood and you never did
But before I let you go
There's something that I want to show

[CHORUS]

I've got something for you
I've got something for you
I've got something for you
I've got something for you

[BREAKUP TO END]
