never said a thing to hurt you
its what I didn't say that made you cry
and in all honesty I never would have deserted you
I never dreamt that you would say goodbye

I close my eyes
tell another lie
think of yesterday (think of everything you say)
there's nothing left to say

It's just another day without you here
and it seems a long long time
since you went away and I'm here
I dreamed another dream about you dear
and I'm afraid to close my eyes

I'll close my eyes
tell another lie
think of yesterday
and everything you said
there's nothing left to say

I dream another dream of you
cause that's all that I can do
I dream another dream today
and I'll dream my life away

I'll close my eyes (so I won't have to see you there)
tell another lie (many things to keep you here)
think of yesterday (think of everything you said)

I'll close my eyes
tell another lie
think of yesterday
and everything you said
there's nothing left to say
