Looking into your eyes I see,  
all I want to be and I don't want it to end.  
If I could only put two words away, I'd see you.  
I only know I have an angel with me now.

And when I fall asleep you're all that I see.  
You're in my thoughts and all of my prayers.  
I wish I could be all that you mean to me.  
My angel without wings.  
My angel

I wish you could see, all that you mean to me.  
But I could never find the words to tell you.

And when I fall asleep you're all that I see.  
You're in my thoughts and all of my prayers.  
I wish I could be all that you mean to me.

And when I fall asleep you're all that I see.  
You're in my thoughts and all of my prayers.  
I wish I could be all that you mean to me.  
My angel without wings.
