feat. Q-Tip & GoonRock

(just when night all begat)

(just when night all begat)

(just when night all begat)

(just when night all begat)

I ain't got time for you baby  
Either you mind or your heart  
Make up your mind sweet baby  
Right here, right now is all we got

A little party never killed nobody  
So we don't dance until we got  
A little party never killed nobody  
Right here, right now is all we got

I live and miss, just surround the world  
Don't mean no pain if I ain't your girl

A little party never killed nobody  
So we don't dance until we got  
A little party never killed nobody  
Right here, right now is all we got

A little party never killed nobody  
So we don't dance until we got  
A little party never killed nobody  
Right here, right now is all we got

(all we got, all we got)

(all we got, all we got)

(all we got, all we got)

(all we got, all we got)

(all we got, all we got)

Girl, what you're meaning?

Look around, you won't see one person sitting down  
They got drinks in their hands and the moves above  
And in the end of the night you'll find love

Teach cheat there of the things they got  
They will stop palpitation and keeping all night  
Of the party in the air I'm a master man  
It will make you feel like I'm your man

All the people gi-la  
All I need is mu-la  
Hot it, top it, paparazzi  
How they wanna get this flick?  
Speak easy, rock on the verse of breezy  
Oh, you can keep up boys  
If you leave me I'm the bussing  
And don't mean a thing if I give you my heart  
If you tear me apart, no oooooh  
You don't mean a thing if I ain't in your eyes  
Papare, ain't go no flying no ooh  
And don't mean a thing if I give you my heart  
If you tear me apart, no oooooh  
You don't mean a thing if I ain't in your eyes  
Papare, ain't go no flying no ooh

(just when night all begat)  
(just when night all begat)  
(just when night all begat)  
(just when night all begat)  
(just when night all begat)

A little party never killed nobody  
So we don't dance until we got  
(let's go on)  
A little party never killed nobody  
Right here, right now is all we got

A little party never killed nobody  
So we don't dance until we got  
A little party never killed nobody  
Ah, ah.
