(feat. Will.I.Am)

Baby, baby when you're looking deep in my eyes  
I know you're seeing past my make-up  
Into the little girl that used to hide out and cry  
When her parents fought  
Tryin' to be strong

You can see the hurt in me  
The cover ups so secretly  
And all that I aspire to be  
You see, you see  
You know who I really am  
No entourage or caravan  
And do u even give me a damn  
All about that, tell me

Like a happy family tree  
We're together constantly  
This could be eventually  
We'll see, we'll see  
But all that I have got to know  
Is with me baby will you grow  
Through sun and rain and heavy snow  
Oh tell me so now baby

[Chorus x2]

[Will.I.Am:]  
It's as simple as one and two  
I'm in love with you  
And three and four  
You're all I adore  
To the seven and eight  
See I've been making mistakes  
Cause when you're on my mind  
I just cant think straight  
Back to the five and six  
I'm all in the mix and I'm all into you  
Without the lipstick  
Without the L'Oreal

You remain the same angel that I fell for  
For real, for real

[Chorus x2]
