Verse1:

Baby, baby when you're looking deep in my eyes  
I know you're seeing past my make-up  
Into the little girl that used to hide out and cry  
When her parents fought  
Tryin' to be strong  
You can see the hurt in me  
The cover ups so secretly  
And all that I aspire to be  
You see, you see  
You know who I really am  
No entourage or caravan  
And do u even give a damn  
About all that now tell me

[Chorus]

Would you love me if I didn't work out or I didn't  
change my natural hair  
If I could be the one you want to grow older with, baby,  
I'll give you all that I got

Verse2:

So, I don't mean to scare you now or push you away  
'Cause I'm not tryin' to rush anything  
But when I look into your eyes  
I'm not scared as you say I see little you  
I'm in the picture too  
Like a happy family tree  
We grow together constantly  
This could be eventually  
We'll see, we'll see  
But all that I have got to know  
Is with me baby will you grow  
Through sun and rain and heavy snow  
Oh tell me so now baby

[Chorus]

Bridge (rap Will.I.Am):

It's as simple as one and two  
I'm in love with you  
And three and four

You're all I adore  
To the seven and eight  
See I've been making mistakes  
'Cause when you're on my mind  
I just can't think straight  
Back to the five and six  
I'm all in you mix and I'm all into you  
Without the lipstick  
Without the L'Oreal  
You remain the same angel that I fell for  
For real, for real

[Chorus] x 5
