Whoop Whoop Whoop Come on y'all Whoop  
Keep movin and movin and movin it  
Keep movin and movin and movin it  
Keep movin and movin and movin it  
Keep movin and movin and movin it  
Like this like that like this whoa  
Can you feel the light  
It's a full moon tonight  
So bring your appetite  
To feast on the mood  
Drink up the groove  
Feel the bass in your bones  
As the horns make you moan  
Let the drums take the throne  
And get in the mood  
Slide in the groove

[Bridge]

Cause I really want to see you dancing  
I really want to see you movin  
There's a party on a boat we cruise in whoa

[Chorus]

If your feeling like I'm feeling  
Then move your body  
Don't stop, don't stop, move your body  
Give it all you got, now everybody,  
Bailamos! Bailamos!  
Feeling like I'm feeling  
Then move your body  
Don't stop, don't stop, move your body  
Give it all you got, now everybody  
Bailamos!

Now there looking your way  
As your starting to sway  
To the band as they play  
So feast on the mood drink up the groove  
Move your hips  
Shake your thang  
Tell the guitar to sang  
Hear your fever bells ring  
Now piano grooves

[Bridge]

Cause I really want to see you dancing

I really want to see you movin

There's a party on a boat we cruise in whoa

[Chorus]

If your feeling like I'm feeling

Then move your body

Don't stop, don't stop, move your body

Give it all you got, now everybody,

Bailamos! Bailamos!

Feeling like I'm feeling

Then move your body

Don't stop, don't stop, move your body

Give it all you got, now everybody
