I don't know who you are now
Mystery drenches my brain
I wanna jump deep into your mouth
'Cause something tells me it's gonna rain

I hear the thunder thumping and my heart starts
jumping
And that's when I spit on the bowl
Now my head's exploding and your gun is loaded
So I'm guessing I'm on a roll

Well, it's a fine time looking for a wine time man
And you said, "Baby, you ready to play?"
Well, come right on this roller coaster
'Cause it ain't over, it ain't over

Now we're on this planet I'm in love
With all your danger, danger
We can live forever
I can be your vacant angel, angel
Beautiful dangerous

You like it smooth like Ray
Savor the flavor, would you lie
You can be sick, I'll be nasty
'Cause sometimes it's more fun to fight

I hear the thunder thumping and my heart starts
jumping
And that's when I spit on the bowl
Now my head's exploding and your gun is loaded

So I'm guessing I'm on a roll

Well, it's a fine time looking for a wine time man
And you said, "Baby, you ready to play?"
Well, come right on this roller coaster
'Cause it ain't over, it ain't over

Now we're on this planet I'm in love
With all your danger, danger
We can live forever

I can be your vacant angel, angel
Beautiful dangerous
(Beautiful, it's beautiful, beautiful)

Now we're on this planet I'm in love
With all your danger, danger
We can live forever
I can be your vacant angel, angel
Beautiful dangerous

Now we're on this planet I'm in love
With all your danger, danger
We can live forever
I can be your vacant angel, angel
Beautiful dangerous
