[Verse:]

Iâ€™ll never let you go
So, never let me go
I will be your journey
And you will be my road
Down the stormy path
Love will never come to pass
It will be an anchor
Although the winds may blow

[Pre-Chorus:]

And through the depths of high and low
Wherever you will go, Iâ€™ll follow
To the end, back again
You know

[Chorus:]

Wonâ€™t let you fall
Fall out of love
â€™Cause together weâ€™ll be holding on
â€™Cause all we have is us
Wonâ€™t let you go
Go away again
Because life donâ€™t mean nothing at all
If I donâ€™t have your love

[Verse:]

I will dry your tears
Take away your fears
Let me be your shelter
Your heart is safe in here
So beautiful and pure
Thereâ€™s nothing I would not endure
Oh, love as got me blinded
I see it all so clear

[Pre-Chorus (1x)]

[Chorus (1x)]

[Bridge:]

Iâ€™m down for you for whatever
Anything you going through
Whatâ€™s mine is yours

Every little thing
I got you
Even when winds will change
Come smashing down and crashing on you

[Chorus]
