From now on all my friends are gonna be strangers I'm
all through ever trusting anyone
The only thing I can count on now is my fingers
I was a fool believing you and now you are gone

All the love you promised would be mine forever I
would have bet my bottom dollar on
Well it sure turned out to be a short forever
Just once I turned my back and you were gone
From now on all my friends...
[guitar]

It amazes me not knowing any better than to think I had
a love that could be true
Maybe I should be taken out torn and feathered than to
let myself be taken in by you
From now on all my friends...
