"Bridge I Have Never Crossed"

All my life I've traveled o'er the country I've even flown
and sailed across the sea

Name of famous bridge ah I betcha that I've crossed
And all the women that I've loved have all crossed me
That's the one bridge that I have never crossed
everything I ever loved I always lost

For the true love I'd gladly pay the cost
But that's the one bridge I have never crossed

[dobro]

I've made a lot of money in my lifetime
I've got a million friends ah I know some envy me
But nobody know how bad I need affection

And how I long to find the love that won't cross me
That's the one bridge...

[dobro]

That's the one bridge...
