(Ferlin Husky)

There isn't anyone in this whole wide world
I trust as much as I trust you my baby
But the thought of comin' home dear
And find you've gone, oh, oh, how it scares me.

Though I have faith in you, in everything you do
It scares me just to think how it would be
The thought of someone new making love to you
Oh, oh, how it scares me.

--- Instrumental ---

Though I have faith in you, in everything you do
It scares me just to think how it would be
The thought of someone new making love to you
Oh, oh, how it scares me.

Oh, oh, how it scares me...
