(A. Bandale - F. Stanton)

Let it be, let it be  
Don't ask me to try again  
I don't wanna cry again  
Let it be, let it be.

How much can one heart take?  
How much must it go through?  
How often can you break  
A broken heart in two?

I'll never love again  
Now that you set me free  
I'll live my life alone  
With all the hurt you left with me.

Let it be, let it be  
Don't ask me to try again  
I don't wanna cry again  
Let it be, let it be.

Let it be, let it be  
Don't ask me to try again  
I don't wanna cry again  
Let it be, let it be.

I don't wanna cry again  
Let it be, let it be...
