(Jimmy Peppers)

Yes, love's been good to me
Your love is so true
Yes, love's been good to me
Since I met you.

I don't make a lot of money but somehow we get by
And I'm always happy as long as you're by my side
With you beside me I know there's nothing I can't be
That's why I say that love's been good to me.

Yes, love's been good to me
Your love is so true
Yes, love's been good to me
Since I met you.

Yes love's been good to me
Your love is so true
Yes, love's been good to me
Since I met you...
