(Ferlin Husky - Buck Peddy)

Just like an angel you came to me  
Out of a clear blue sky  
And knowin' I saw you I fell in love  
Out of a clear blue sky.

Like a bolt of lightning  
You struck my heart  
Then old people gave me a shot  
With the flame and dark.

And when I knew dreams can't come true  
Out of a clear blue sky.

--- Instrumental ---

Just like an angel you came to me  
Out of a clear blue sky  
And knowin' I saw you I fell in love  
Out of a clear blue sky.

Out of a clear blue sky...
