(William Robinson - Frank Wilson)

Still water runs the deepest  
Like a love complete and true  
So peaceful and dependable  
I can't say the same about you.

Your love is cold and selfish  
It never could be true  
One time I loved you truly  
I can't say the same about you.

Well, I'm a leavin' and I won't be back  
I'm a goin' where I belong  
Too long we've been together  
Too long you've done me wrong.

Oh, still water runs the deepest  
Like a love complete and true  
So peaceful and dependable  
I can't say the same about you.

--- Instrumental ---

Well, I'm a leavin' and I won't be back  
I'm a goin' where I belong  
Too long we've been together  
Too long you've done me wrong.

Oh, still water runs the deepest  
Like a love complete and true  
So peaceful and dependable  
I can't say the same about you.

I can't say the same about you  
I can't say the same about you...
