THIS MOMENT OF LOVE

»

This moment of love is tender and true this moment of
love will tie me to you

For you are the one that I've waited for

And now when it's here never to bear this moment of
love

Stars seem a little bit nearer the moonlight peepin'
through the trees

Each kiss a little bit dearer this is heaven to me

Oh this moment of love is here in my arms

surrendering of my love to her charms

Please hold me tonight your heart next to mine

Without you I know it couldn't be so this moment of love

Stars seem a little bit nearer the moonlight peepin'
through the trees

Each kiss a little bit dearer this is heaven to me

Oh this moment of love is with us tonight and if it
should fade and pass out of sight

Each day I would live the memory of

I'll never forget never regret this moment of love this
moment of love

This moment of love
