WRITERS TED DAFFAN, JIMMIE DAVIS

You've promised me love that would never die that  
promise you've made was only a lie  
Now after you've gone all alone I'll pine for all that I've  
got is a worried mind  
When I was down you've just left me there I needed you  
so oh but you didn't care  
You've found a new love and a home so fine but all that  
I've got is a worried mind  
(You've promised me love) you've promised me love  
(That would never die) that would never die

(That promise you've made) that promise you've made  
(was only a lie) was only a lie  
Now after you've gone all alone I'll pine for all that I've  
got is a worried mind  
(Is a worried mind)
