Millions of bastards live around us  
Coward fears and weakness worldwide  
Don't you think is there a hope?

Make distinctions, clear differences  
What's the hell just reading this lyrics?  
Make then facts, clear and kill!

Just sdee that:  
No guts, No glory  
No guts, No glory  
No guts, No glory

I am really fucked to smell your fucked braveness  
I am really fucked to heard the weak's word  
I am really feed up to see your vulgarity  
I am really bored to wait you come to face me

Can we face the indolence?  
Can we opress these loser faces?  
Why to live this subquality life?  
Because they are fucking our way  
That fucked shit  
They always need the hipocrisy

If you doubt  
Just come and see my throne  
Honor prevails  
Some heads must gonna roll  
You must know  
I am the deserved king  
One more target  
Give me the conquering

Don't you know I am inconquereable!  
Don't you know I am inconquereable!

If you doubt  
Just come...

Don't you know...  
Don't you know...
