Let us pray  
Oh ah please don't feel like you can't participate if your  
not Christian  
Cause this is a prayer for all faiths

Dear Jesus of Nazareth  
First of all I'd like to thank you for calling yourself Jesus  
of Nazareth  
It's sort of like the Lord of the Rings or something  
"I am Jesus of Nazareth, Son of Orflec the butcher"

We know lord, from John 3:16, that you so loved the  
world  
That you sent your only son to die for us  
Your only son  
But at the same time, we're all your children  
So in your eyes we're a bunch of girls  
So help us as we struggle with the temptations of  
lesbianism  
Amen

People come to me all the time  
All the time  
They say the same thing, you know  
Bo, your an artist  
How do we fix Africa?

I read recently that there are over 22 million people  
living with HIV AIDS in Sub Saharan Africa  
I know it's a Snapple fact  
How do we fix it? How do we fix it?  
This, because laughter is the best medicine you know  
Besides medicine
