High School party, senior year  
Boys and girls are all sippin on beer  
I like soda, wheres the soda  
Am I the only fucking person here that likes soda  
I see you from across the crowd  
I said the party is bumping and the music is loud  
You're really drunk and you're looking sad  
Its like a date rape ad

Girl, then we start to dance and  
Girl, baby this is romance  
Girl, Im starting to grow down below, shit, why did I  
wear sweat pants  
Girl, you're bodies like what  
conjunction junction, thats a fine ass but  
Im like a cashew in a lollipop, Just keeping sucking til  
you get to the nut

And I said  
Lets rob an Asian kitchen, or stroll down the block  
Either way girl, were taking a walk nothing?  
Youre gonna love me the way my uncle did  
Except you're not gonna to go to court for doing it  
Be a guillotine or my girl instead  
Either way, youre giving me head  
Im gonna love you baby the right way  
Shorty with a body looking hotty when I say

Girl  
When I say girl  
We go into the bedroom exchanging nervous laughter  
Whys it called dry humping if I always need a towel  
after  
You spread your naked legs and I see that wound that  
never healed  
Even though you're yelling for me, I can tell your lips  
are sealed  
Were both aware of my erection  
You ask if I have protection  
I say Well um no...I-I tried to buy em once I was in the  
convenient store my old baby sitter walked in I had to  
hide them near the tic-tacs I was so embarrassed I

peed myself a little bit

Girl

Girl

Insert a euphemism

A sexy mental prism

Increase my pelvic rhythm

For you with my syllogism

I know your body and I know how to please ya

Dont thank me, thank wikipedia

Guys dont go down, well I am-

What the fuck is that, I should have brought my  
diagram

Ooh did you feel that, that was an educated guess

Ooh did you feel that, uh that one was a sneeze, my  
bad

High school party, senior year

None of that happened cause I wasnt invited ... hmm ..
