What's that?  
My six song album entitled "Bo Fo Sho" is currently  
available on iTunes  
With three songs that have never been heard on the  
internet?  
Uh, and if I try to pirate it for free I'll get aids?  
I would have guessed scurvy.  
Well, see you later ghost of Dr.Martin Luther King Jr.  
Wanna hear a rap?  
Now I don't know if all boy scouts are gays  
But they could probably "tie the knot" in like fifty  
different ways...  
I got a safe full o' cherries, cause I pop it and lock it,  
A girl's like a fridge, once a week you should stock it,  
And girl, if your into a rimmin it's only safe if your  
swimming,  
And girl don't sit on the couch cause I treat my objects  
like women.  
I spit fire like I just blew a demon  
My shits so hot I leave your toilet bowl steamin  
I'm gonna tarot like the cards of the gypsies  
You'll bleed for so long you'll get monthly ellipses.  
If your pants are loose, I'll re-pleat ya.  
You're a first time veagan and it's nice to meat ya  
I'm bo yo  
I'm the greatest rappa eva  
And I'll weather your weather whether you think I'm  
clever or not  
Think your better your not  
Don't need a sweater I'm hot  
I'm a real G shawty that can really find your g spot  
What the hell's a g spot?  
Go to a  
Vagina orchard, count 1, 2, 3  
Spin that plant around you got a third whirled cunt tree  
That's right, consider yourself warned  
I'm offensive and creative like handicapped porn  
Your playing with your breasts, excuse me, can I try it  
ma'am?  
Your pushin em together like a titty Venn Diagram  
Look at that crack excuse me can I buy a gram?  
Right below your diaphragm, ass looks like your hidin

ham  
First base, were making out  
Second base, I'm getting faked out.  
Third base, I'm getting take out  
And I'd try to take it home if I knew I'd take it out  
But I just don't know I said I just don't care I said  
My flos so cold I need a tampon from a polar bear  
And you can spell and smell my stink  
B.O. lingers and it makes you think  
Cause I'm bo yo  
And I'm the greatest rappa eva  
And I'll weather your weather whether you think I'm  
clever or not  
Think your better your not  
Don't need a sweater I'm hot  
You got two eyes, only got one shot. yeahh.  
Yo,  
Cause girls are like donuts when I be bustin bo nuts,  
I can make em cream-filled or give them a layer of  
glaze  
I'm like doug's friend Skeeter whenever I meet her.  
Casue I skeet her so hard people call her Patty  
Mayonnaise.  
YO, My girl is epyletic cause she's the one I'm jerkin  
with  
Common you asian child labor show me what your  
workin with  
OOO large machinery

Cause there's an inverse relationship between respect  
and sects  
I'm talking bout religious sex like a morman sex that  
says you cant have sex with memebers of different sex  
but you cant have sex with members of the same sex  
so if the sex cant be different the sex cant be same the  
only sex left is some left hand shame  
And girl I left you cause u left the game and if that  
don't feel right then u Can write my name

Cause I'm bo yo  
I'm the greatest rappa eva  
And I'll weather your weather whether you think your  
better or not  
Think your better your not  
Don't need a sweater I'm hot  
And if I can't think of another rhyme then I ought,  
To think of one.

Yeah write this down man.  
Yo, yo

Look pass the skin and look to the lyrics  
I run miracle circles around you like spherical lyrics  
This isn't about ironic pigment  
If you're imagining this then I'm a chronic figment.  
Yeah.

Feel it ready.

Man, my junks so long that it hangs and swings, so at  
the nude baech people Think I'm lookin for lost rings  
Play the skin flute Your big boy sings and if you want to  
take it all wear African neck rings.

Oh,  
Come on  
Haters call me gay, but that aint hatin  
Cuase I'm not homophobic, my morals are straight and  
If I'm in the closet then you are blow me  
Takin the b-a-t out of basement, homey  
Yeah.

Yo, cause I'm bo yo  
I'm the greatest rappa eva  
And I'll weather your weather whether you think I'm  
clever or not  
Think your better your not  
Don't need a sweater I'm hot  
I'm a real g that can really find your g spot.  
Yeah, yeah, yo, yooo.  
I'm a real g homey that can really find your g spot.

Oh.  
Oh my God buy my e.p. on iTunes.  
Right now, go right now,  
While I stall.  
Buy it right now.

Out.
