Men and women
Men are like vows, cause they are easily broken
Women are like cows, cause they both have vagina's
Men are like muzzles ya, cause they will try to shut you
up
Women are like puzzles cause prior to 1920 neither
had the right to vote
Puzzles still don't a man is an eagle a women is a dove
Women can fake orgasms but men can fake love
Women are like fingers and toes, cause there easy to
count on
Men are like ravens and crows, cause they hate using
condoms
Women are like Yahtzee, cause I rarely get them
And men are like Nazis, cause they both caused the
holocaust
Male strippers always look like there applying lotion
And female strippers when there dancing on the pole
just look like confused firemen
Men and women.
