Sluts, sluts, I fuck sluts.
Sluts get fucked when I fuck sluts.
No if and's, and or but's. I fuck sluts.
I fuck sluts. Nice girls are nice but no good for nut-
suckin,
You'll need a serene night to green-light a butt fucking,
But that'll be easy with sleazy old slut fucking.
Boo to the nice girls! Praise bae to slut fucking.
I have a list. A list? Yes a list of all the sluts I've missed.
I've never fucked or sucked these sluts and thus my
nuts are fucking
Pissed.
So when I fuck the lucky slut my nut removes her from
the list.
Another dumb cum-bucket struck from my nut sucking,
Suck it slut, sluck it fuck bucket-list...
Sluts can be white, black, brown, pink, or almond.
They can be skinny with big tits or skinny with small
ones.
Sluts can be perky, preppy or posh with their brains and
their clothes all
Shrunk from the wash.
But other girls are pretty and funny and smart.
And they lift all your thoughts from your dick to your
heart.
They can talk about science, music, or art.
They can put you together or they can pull you apart.
But don't trust these women, don't, don't you dare.
They'll force you to trust them and love them and care.
And then you'll be gone and then you'll be aware of
that hole in your heart
That that big slut left there
