When I fall
When I'm bested you will call
You're my only, you're my all
And you'll know, and you'll know

And if you feel
That our ghost is nothing real
And I'm held in bands of steel
Then you'll call, then you'll call

So kiss me for awhile
Hide it in your smile
I don't want to lie
Only to beguile
Kiss me 1-2-3, yeah
That's the magic key
And get me outta here

They will come
They will come from all around
From the paper and through London town
For a show, for a show
Oh-oh-oh-oh

Mister Hart (heart)
He dedicate many years to his art
Making cuffs that I am not to take apart
And I'm afraid he's made the grade.

So kiss me for awhile
Hide it in your smile
I don't want to lie
Only to beguile
And kiss me 1-2-3, yeah
That's the magic key
And get me outta here
(Alright)

I cannot escape
I don't wanna wait
I cannot escape

So kiss me for awhile
Hide it in your smile
I don't want to lie
Only to beguile
And kiss me 1-2-3, yeah
That's the magic key
And get me outta here
