Yellow wings floating, floating in the wind  
Flickerin' and glowin', glowin' like a flame against the  
Sun  
Burnin' bright as anyone  
It's the first day of Spring and the last day of your  
Life

Spiderwebs dancing, dancing in the wind  
Silver and silken, silken like the hair upon your head  
Lying in your last bed  
It's the first day of Spring and the last day of you life

Mockingbirds perching, perching on a limb  
Singing up to heaven for her to let you in

We've got to know that it's time to let you go  
It's the first day of Spring and the last day of your  
Life

Hot water rising, rising in the pan  
Soak through the corn and make a pudding sweet for  
one  
Last time  
What you like is what I'll find  
It's the first day of Spring and the last day of your  
Life  
It's the first day of Spring and the last day of your  
Life
