There's a blue moon crying  
In my heart tonight  
But you look at me n' you smile  
Sayin' everything  
Everything's gonna be alright  
(Be alright)  
But there is a place in me  
That I can't hide  
N' you've gotta  
Got to take a little deeper look inside me  
Because my heart  
My heart is stronger than you'll ever know  
N' god damn you  
If you make me let it go  
Gonna let it go  
Got to let it go  
Because I have  
Give you my freedom  
I've given you my right to choose  
N' I have  
I've given you my love and compassion  
So tell me  
What have I got to lose  
You say one thing and then you do another  
How am I to be your lover  
If you keep changing your mind  
I am telling you that I  
I will change mine  
I've given you my freedom  
I've given you my right to choose  
N' I have  
I've given you my love and compassion  
So tell me  
What have I got to lose  
I've given you my freedom  
My right to choose  
My compassion  
What have I got to lose  
N' I have  
Give you my freedom  
My right to choose

My compassion  
What have I got to lose
