Written by bob welch.

3 hearts in a tangle, wheels start to turn  
Someone meets someone, & someone gets burned  
One loves the money, two loves the show  
Three's always ready, you can't say no

(chorus)

3 hearts in a tangle  
Someone's in the dark  
You stay together, can't live apart  
3 hearts in a tangle  
I can't tell a lie  
3 hearts in a tangle, nobody's right...

Two hearts in a tangle, now somebody's sad  
There's always a back door if you wanna be bad  
Yeah 3 hearts in a tangle, the thrid time around  
Somebody gets restless, I'm doin' it now  
3 hearts in a tangle  
The knot is tied  
I'm caught in the middle

Two hearts in tangle, one of them's you  
Fingers are pointing, now who is the fool  
Yeah one is out playin', & one waits at home  
No one gets even, you're all left alone

(chorus)

3 hearts in a tangle  
Such a hard thing to fight  
Somebody's suspicious, yeah  
Where did you spend the night ?  
3 hearts in a tangle  
I can't tell a lie  
3 hearts in a tangle, nobody's right...
