I think you lost your mind or did you fall asleep?  
Was your vision closing in?  
Did the light play tricks upon you?  
Was the window shut as you lay on your bed?

Was there someone creeping in?  
Did the vapors swirl around your head  
And slowly but surely  
Take you away from me?

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?

I think I'm breaking through  
I'll wake you from this sleep  
One kiss, surely that will do

Then the ice will melt around you  
And slowly but surely  
Bringing you back to me

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?

How can you fall into the dark  
When my arms are there to catch you?  
How will I ever lose my way  
With your open hand to cling to?
