Days

Days

[Verse 1:]

Days

Stealing secret moments
Breathing in the summer sun
As the sea of changes
Wash ashore

Days

In the grand wide open
There's so much to catch the eye
Your beauty, shade and light
Shade and light

[Chorus :]

Quite Witness to forever
In my silene I keep holding on
I am waiting til forever
And I understand where we belong

Quite Witness to forever
In my silene I keep holding on
I am waiting til forever
And I understand where we belong

And I understand where we belong
And I understand where we belong
And I understand where we belong

And I understand where we belong

[Verse 2:]

Days

In the grand wide open
There's so much to catch the eye
Your beauty, shade and light
Shade and light

[Chorus :]

Quite Witness to forever
In my silene I keep holding on
I am waiting til forever
And I understand where we belong

Quite Witness to forever
In my silene I keep holding on
I am waiting til forever
And I understand where we belong

Quite Witness to forever
In my silene I keep holding on
I am waiting til forever
And I understand where we belong

And I understand where we belong
And I understand where we belong
