I wake up with my stomach yelling
I'm really fucking hungry my head is swelling
Get out a bowl
Pick up a spoon
Pour out my cereal
Get the milk! what?

What happened to the milk
I need to cure my hunger
What good is cereal without milk?
Got my hopes up for nothing

Instead I heat up the oven
I've got another plan
I'll cook up some eggo's
In a frying pan

Now im really hungry
The oven's heated up
Look inside the freezer..
WHAT THE FUCK?

No more eggo's
No more milk
I'm really fucking hungry now! Song evaluation
