"Zero"

My reflection, dirty mirror
There's no connection to myself
I'm your lover, I'm your zero
I'm in the face of your dreams of glass
So save your prayers
For when we're really gonna need'em
Throw out your cares and fly
Wanna go for a ride?
She's the one for me
She's all I really need
Cause she's the one for me
Emptiness is loneliness, and loneliness is cleanliness
And cleanliness is godliness, and god is empty just like
me
Intoxicated with the madness, I'm in love with my
sadness
Bullshit fakers, enchanted kingdoms
The fasion victims chew their charcoal teeth
I never let on, that I was on a sinking ship
I never let on that I was down
You blame yourself, for what you can't ignore
You blame yourself for wanting more
She's the one for me
She's all I really need
She's the one for me
She's my one and only
