Keep your hands off Emanuala  
Keep your hands off Emanuela  
All the lasses, all the lads say NO!  
Your life, you won't be happy anymore

What do you know about love?  
Of love, you know nothing  
Your feelings have  
Tricked you again  
You consider yourself dangerous  
Still you don't see the danger  
This here is the story of  
Emanuela

She is like a fever  
You want her again  
It goes much deeper  
Than everything else ever before

Now it was still boiling hot and all of a sudden  
It became cold like dry ice

She is unbelievable  
She makes you sad  
Your style also doesn't help  
Get lost, otherwise you have lost everything

[alder] please believe us  
As well as you were already a thousand lads

Keep your hands off Emanuala  
Keep your hands off Emanuela  
All the lasses, all the lads say NO!  
Your life, you won't be happy anymore

Keep your hands off Emanuala  
Keep your hands off Emanuela  
All the lasses, all the lads say NO!  
Your life, you won't be happy anymore

Now you sit outside on the stairs

in front of her house you little gangsta  
You casually smoke cigarettes and  
Throw stones at her window

Since you have seen her  
The street party was here in the neighborhood  
It was her look, that  
Since then keeps you from sleeping at night.

Emanuela Emanuela Emanuela  
What goes on?  
Can you introduce yourself again please?  
Emanuela

Keep your hands off Emanuala  
Keep your hands off Emanuela  
All the lasses, all the lads say NO!  
Your life, you won't be happy anymore

One, two, three months only at home  
Friday night and you go out again  
Your mistake is who stands there  
Emanuela

Before it has begun with both of you  
Make it end  
And your only contact  
Remains a short parting kiss

He prays and hopes that she hears him  
He prays and hopes that she hears him  
He prays and hopes that she hears him

What do you know about love?  
Of love, you know nothing  
Your feelings have  
Tricked you again  
You consider yourself dangerous  
Still you don't see the danger  
This here is the story of  
Emanuela

Keep your hands off Emanuala  
Keep your hands off Emanuela  
All the lasses, all the lads say NO!  
Your life, you won't be happy anymore
