Now that you think about it  
How do you feel about it?  
You had some time to live with  
The mistake that you made  
Not tryin' to say I'm perfect  
Push comes to shove I'm worth it  
There are things you have to deal with  
But it's all right because we're still tight, yeah

I can't believe your back again  
After all you've put me through  
Even though I'm still your friend  
I don't wanna be with you

Do you remember when days where like that  
I was lovin' you and in return you loved back  
And now you're telling me that you miss that  
Bet you feel lonely but it's like that

Now that I think about it  
There are some things I regret  
I should never just let you walk away  
And not explain  
But I'm not bitter about it, no no  
I had to get over it  
It made me stronger within  
There's a lesson here,  
Hope you learn from it, ooh yeah

I can't believe your back again  
After all you've put me through  
Even though I'm still your friend  
I don't wanna be with you

Do you remember when days when like that  
I was lovin' you and in return you loved back  
And now you're telling me that you miss that  
Bet you feel lonely but it's like that  
Do you remember when days when like that  
I was lovin' you and in return you loved back  
And now you're telling me that you miss that

Bet you feel lonely but it's like that

We can be friends, but not lovers  
Baby do hear what I'm saying?  
Gotta be one, not the other  
Better understand, I'm not playing

Do you remember when days when like that  
I was lovin' you and in return you loved back  
And now you're tell
