The truth hurts

When you don't want to hear it
Plug your ears and cuss the God

Take that back, you're being offensive
Because the heart is being challenged

Speak your mind, just not about him
Stamp censored on my mouth
Shut me up, anyway that you can
If you don't hear it, then it must not be true

I've got something to say
And you're not gonna like it
He is the way, the truth and the life

Step aside, it's our time now
I refuse to contain what I know

No regrets, no apology
No regrets, no apology
No regrets, no apology

If you don't know then you won't understand
I will not apologize for what I believe
If you don't know then you won't understand
I will not apologize for what I believe
For what I believe, for what I believe
