I've been going around in circles  
And I don't know what to do  
I don't know where to find my way back to the truth  
I need a reminder  
Of how life used to be  
Cause the face in the mirror isn't looking too familiar

I can say that I used to know a lot about you  
But it seems I've fallen from you  
And I can say that I need to know more about you  
So now I'm on my knees singing

(Chorus)

Breathe in me  
I fall so easily  
How can it be  
That you would rescue me  
So Breathe in me  
Breathe in me

The time I have wasted  
Is not just my own  
I got to get back to You, I gotta find my way home  
Before my world comes tumbling down  
The longer I wait  
It gets harder to turn around  
To see your eyes staring right through my soul  
Oh but I know  
That life begins when I die again and surrender

(Repeat Chorus)

I can hear you calling to me  
I can see you reaching for me  
Offering your hand to guide me  
Hold me close again and set me free

(Repeat Chorus)

I can say that I need to know more about you.
