Like the day she hides in the night  
Never know when she might strike  
on the road to trust to no one unwilling to compromise  
Yesterday she can't bear  
right now is her only the care  
to move too far away to make any kind of claim  
Too heavy to hold too deep to see  
too clear to understand  
She'll never let you come inside  
There's no compromise  
Her heart is where she draws the line  
Don't you even try  
In another space, another life  
Right now is not the time  
Her heart is where she draws the line  
Let the pills in the byes  
Trail of broken hearts in her path  
And thas's not worse than a bus  
Don't bother if you have to ask cause our soul is your  
sacrifice  
Can't trust what you see  
Can't feel what you touch  
the truth is in her eyes beauty is the disguise  
Too heavy to hold too deep to see  
Too clear to understand  
She'll never let you come inside  
There's no compromise  
Her heart is where she draws the line  
Don't you even try  
In another space, another life  
Right now is not the time  
Her heart is where she draws the line  
Let the pills in the byes  
Angel of darkness  
Let her fly  
Loving her is a crime  
She'll never let you come inside  
There's no compromise ( Let her fly )  
Her heart is where she draws the line  
Don't you even try ( Loving her is a crime )  
Even another space, another life  
Right now is not the time ( Loving her is a crime )

Her heart is where she draws the line  
Let the pills in the byes  
She'll never let you come inside ( Let her fly )  
There's no compromise  
Her heart is where she draws the line  
Don't you even try ...
