Let the Holy Spirit come over you now  
As the healing rain falls from the clouds  
There is nothing you can do to deserve it  
You don't have to earn His love  
Let the rain fall from above  
Merciful rain falls over the children  
Merciful rain falls over the children  
Merciful rain falls over the children of God  
Over the children of God  
Merciful rain falls  
See the Holy Dove descending over you now  
Feel the Living Water cleansing your soul  
In the name of Jesus you have been forgiven  
You have been redeemed forever  
Fix your eyes on Heaven
