When someone special  
Hits you by surprise  
Turns you upside down,  
Such a crazy feeling  
But suddenly the  
Awful truth comes out  
Someone's by his side  
After all this needing

In all my daydreams,  
You keep come and back  
I'm gonna get you off my mind  
Knowing that you want me  
Just the way I need your touch  
I know this has to stop,  
I guess you never will be mine  
It's a shame that this love is a crime

Two hearts are falling in a sweet agony  
Impossible to breathe  
Cos' is hard when love's not meant to be  
Two hearts are falling in a sweet agony  
Trying to break free  
Is special, worth taking the risk

Now I suppliant for  
Any wasting time  
All the spoken words,  
Someone will find the meaning  
Tell me your secrets  
And I'll tell you mine  
Take me to that place  
Where we can be together

In all my daydreams,  
You keep come and back  
I'm gonna get you off my mind  
Knowing that you want me  
Just the way I need your touch  
I know this has to stop,  
I guess you never will be mine

It's a shame that this love is a crime

Two hearts are falling in a sweet agony  
Impossible to breathe  
Cos' it's hard when love's not meant to be  
Two hearts are falling in a sweet agony  
Trying to break free  
Is special, worth taking the risk

Is special, worth taking the risk  
Is special, worth taking the risk  
Is special, worth taking the risk
