That's what love's all about  
It will keep us together  
What we shared in our hearts  
Thanks for having me in your life  
The times we have good and bad  
Moments we can't erase  
For my hearts our minds  
The memories will remain  
As we walk through life  
The pleasure when you talk  
It's what makes me see the light.  
That's what love's all about  
It will keep us together  
What we shared in our hearts  
Thanks for having me in your life  
Your voice, the jokes, your smile  
Following me around  
Your touch, your hands  
Kisses that made me have  
The fun, the fights  
The magic in your eyes (your eyes)  
When you are in (you are in)  
My eyes I find.  
That's what loves all about  
Is what brought us together  
All the good things in life  
Thanks for being here by my side  
That's what love's all about  
It will keep us together  
What we shared in our hearts  
Thanks for having me in your life  
That's what loves all about  
Is what brought us together
