Trapped in the rhythm of life
Nothing seems to color my path
Im in a web of confusion
Chasing my own tail... round... and round
I need to push away this madness
I gotta find the way out
With all my dreams and illusions
Waiting just to break out and fly...
I see whats waiting for me
On the other side
Its time to follow
All the passion in my heart
Im standing on the sun with
Nothing else to hide
Im ready,
Finally I see the other side
There is no more room for darkness
Allow the light to come in
You have to fight all the shadows
You gotta break out and fight
I heard it over and over
If you get caught up in the feeling again
With all your dreams and illusions
There is no reason to stop.
I see whats waiting for me
On the other side
Its time to follow
All the passion in my heart
Im standing on the sun with
Nothing else to hide
Im ready...
Finally I see the other side
I see whats waiting for me
On the other side
Im standing on the sun with
Nothing else to hide
Im ready,
Finally I see the other side
I see whats waiting for me
On the other side
Its time to follow
All the passion in my heart

Im standing on the sun with
Nothing else to hide
Im ready,
Finally I see the other side
