Lookin' for love and I lost my way  
Another long night has turned to day  
Nobody likes to feel this way  
So I draw close to you  
It's what I'm supposed to do

Lookin' for love and I close my eyes  
I run to you with no disguise  
You hold me close and say 'It's fine'  
You take me in your arms and you soothe this heart of mine

(Chorus)  
And I throw my hands up in the air  
Raise my heart cause I don't care what they say about me,  
I gotta praise  
I throw my hands up in the air  
And I know that you will find me there  
You find me when I praise

Lookin' for love and I hide my face  
What about the scars and disgrace  
But you lead me here in spite of my shame  
Your blood covers it all and you carry me away

(Chorus)

My heart is on my sleeve and I am on my knees  
And my hands are in the air (Oh Yeah)  
And it's hard to believe that I am on my knees  
With my hands in the air (Oh Yeah)

And you come close beside me  
And you say you're here to guide me  
I don't ever have to be alone  
And your love has lead me home

Lookin' for love and I found my way  
I ran to you and I heard you say 'Everythings gonna be ok'

I don't have to wait another day

(Chorus 2x)

Lookin' for love and I lost my way  
Another long night has turned to day  
Nobody likes to feel this way
