"Say You Will"

Well, I've been walking down the streets and the
avenues
With the singing birds in the trees and my skies are
blue

Won't you walk with me, baby?
Won't you say you will, maybe?

I've been drivin' by your house, callin' you on the phone
But your pretty momma says that you ain't been home

Won't you walk with me, baby?
Won't you say you will, maybe?

And out in the street when you pass me by
Oh, and my heart starts beating and I wanna die

Won't you walk with me, baby?
Won't you say you will, maybe?

You just say, "Hey, ho baby, don't you know?
Well, I got to head to town, I'll see you later, Joe"

Won't you walk with me, baby?
Won't you say you will, maybe?

'Coz, out in the street when you pass me by
Oh and my heart starts beating and I wanna die

Hey, won't you walk with me, baby?
Won't you say you will, maybe? Yeah

You know sometimes I wonder why I waste my time
Just trying to be your lover when you won't be mine

Won't you walk with me, baby?
Won't you say you will, maybe?

'Coz, out in the street when you pass me by
Oh baby, you never see all the tears I cry

Hey, won't you walk with me, baby?

Won't you say you will, maybe?

Now won't you walk with me, baby?
And won't you say you will, maybe? Yeah
